**Parsons Sun (Kan.) - City seeks grant for EPA project** - 9/12/13 - The Parsons City Commission took a step action to acquire \$500, 000 to help the city comply with a U.S. Environmental Protection Agency

order during a Wednesday work session. <http://goo.gl/3yPcvd>

**Parsons Sun (Kan.) - Judge grants Erie's request for injunction** - 9/11/13 - A Neosho County District judge ruled in favor of the city of Erie's request for a preliminary injunction against Westar Energy recently. The lawsuit seeks to make the electric utility pay for EPA required upgrades to the energy center. <http://goo.gl/pkFjl>

**Ozarks Public Radio (KSMU - Springfield, Mo.) - EPA Gives Schools a Link to 'Healthy Schools Toolkit'** - 9/11/13 - According to the EPA's website, more than 53 million children and nearly 6 million adults spend a significant part of their day in America's schools. So it's no surprise that the agency would try to help school officials, parents and students understand environmental safety in school buildings. <http://ksmu.org/article/epa-gives-schools-link-healthy-schools-toolkit-67916>

**Associated Press - Hydroelectric Power Makes Big Comeback at US Dams** - 9/12/13 - A power company wants to build a hydroelectric plant at Iowa's Lake Red Rock — a project that reflects renewed interest in hydropower nationwide, which could bring changes to scores of American dams. <http://abcnews.go.com/US/wireStory/hydroelectric-power-makes-big-comeback-us-dams-20231753>

**Kansas City Business Journal - Missouri may finally comply with U.S. water quality standards** - 9/12/13 - It will be a few years, at least, before Missouri rivers, streams and lakes will comply with the 40-year-old federal Clean Water Act, but legislators are moving efforts forward. **Wichita Business Journal - Hydraulic fracturing helps boost oil production numbers in Kansas, nationwide** - 9/12/13 - U.S. oil production is at its highest level in nearly a quarter-century. The Energy Information Administration says hydraulic fracturing helped push crude oil output up by 124,000 barrels to 7.75 million barrels per day. <http://www.bizjournals.com/wichita/blog/2013/09/hydraulic-fracturing-helps-boost-oil.html>

**Businessweek - Coal Industry Cries Foul Over Obama Rules Restricting Carbon** - 9/12/13 - Representatives of coal-intensive utilities and coal-producing regions said that President Barack Obama would effectively outlaw construction of new power plants using the fuel with pending environmental rules. <http://www.businessweek.com/news/2013-09-11/obama-said-to-ban-new-coal-plants-without-costly-carbon-controls>

**Wall Street Journal - It's Manchin v. Markey on EPA Coal Rules** - 9/12/13 - Sens. Manchin and Markey are both Democrats, but that's where the similarities end when it comes to the Obama administration's new rules on coal-fired power plants. <http://blogs.wsj.com/washwire/2013/09/12/its-manchin-v-markey-on-epa-coal-rules/>

**Bloomberg - Obama said to ban new coal plants without carbon controls** - 9/12/13 - New coal plants would need to install expensive equipment to capture carbon emissions under rules EPA is close to issuing. Scheduled for release on Sept. 20, the rules are a revision of a similar proposal from last year that met with stiff opposition from utilities and coal producers.

**Washington Post - EPA to revise climate rule for new power plants; will still require carbon capture** - 9/11/13 - This month, the Environmental Protection Agency will propose standards that will establish stricter pollution limits for gas-fired power plants than coal-fired power plants. The revised rule, which would impose greenhouse gas limits on power plants for the first time, will still require utilities to install costly carbon controls on coal plants. [http://www.washingtonpost.com/national/health-science/epa-to-revise-climate-rule-for-new-power-plants-will-still-require-carbon-capture/2013/09/11/89a78558-1b1e-11e3-a628-7e6dde8f889d\\_story.html](http://www.washingtonpost.com/national/health-science/epa-to-revise-climate-rule-for-new-power-plants-will-still-require-carbon-capture/2013/09/11/89a78558-1b1e-11e3-a628-7e6dde8f889d_story.html)

**The Hill - Utilities fret about 'unrealistic' emissions rules** - 9/11/13 - Electric utilities are concerned that limits on greenhouse gas emissions from new power plants will be set at "unrealistic" levels. <http://thehill.com/blogs/regwatch/pending-regs/321607-utilities-weigh-in-on-power-plant-emissions-rule>

**The Atlantic Wire - Mitt Romney Warned You, Twice: Obama's War on Coal Continues** - 9/11/13 - It's been fewer than three months since President Obama pledged to limit pollution from coal power plants. A new report suggests those rules, curbing emissions from new plants, are imminent and include a de facto prohibition on the facilities. In other words: Mitt Romney was right — and not for the first time. <http://www.theatlanticwire.com/politics/2013/09/mitt-romney-warned-you-twice-crackdown-coal-continues/69306/>

**Inside EPA - Industries Push EPA To Craft 'Realistic' Utility GHG Rules** - 9/11/13 - Manufacturers, power consumers and fuel producers are formally requesting EPA give them maximum input on the design of the agency's greenhouse gas (GHG) standards for existing and new power plants to ensure the rules are "realistic" and achievable, ahead of EPA's expected release of a revised GHG rule for new power facilities next week. <http://insideepa.com/201309112446431/EPA-Blog/The-Inside-Story/industries-push-epa-to-craft-realistic-utility-ghg-rules/menu-id-97.html>

**BNA - Iowa, EPA Reach Agreement to Tighten Enforcement on Animal Feeding Operations** - 9/12/13 - The Iowa Department of Natural Resources will conduct on-site inspections of large concentrated animal feeding operations that contain at least 1,000 beef cattle or at least 2,500 hogs, as part of an agreement reached Sept. 11 with the Environmental Protection Agency.
